In the case of enrollment for studies at the expense of natural (legal) persons, an additional contract is concluded between the University and the natural (legal) person who orders a paid educational service for himself or another person, assuming financial obligations for its payment.

2. Persons who received a recommendation for places of state or regional order and within the established terms specified in section V of this Procedure or in accordance with it, did not fulfill the requirements for enrollment in places of state or regional order (except for the cases specified in section

XIII of this Order), lose the right in the current year to enroll (transfer) to study according to the state and regional order.

Persons who have received a recommendation for state or regional order places and have fulfilled the requirements for admission to state or regional order places within the established terms specified in section V of this Procedure or in accordance with it, are subject to enrollment.

3. The procedure for exercising the right of entrants to choose a place of study for money individuals and/or legal entities is determined by the Admission Rules.

XI. Adjustment of the list of recommended for enrollment

1. The Admissions Committee cancels previously provided recommendations to applicants who have not met the requirements for admission to the state or regional order places provided for in Clause 1 of Section X of this Procedure.

2. Lists of those recommended for admission are updated after the fulfillment/failure of applicants to obtain a master's degree based on the obtained bachelor's degree (educational and qualification level of a specialist) (except for majors 081 "Law" and 293 "International Law"), for obtaining a doctor of philosophy degree, the requirements for admission to studies in accordance with Section X of this Procedure, taking into account their priority in the ranked list of entrants.

3. Entrants recommended for study at the expense of individuals and/or legal entities are required to fulfill the requirements for enrollment in accordance with clause 1 of section X of these Procedures and Admission Rules.

In the case of enrollment for studies at the expense of natural (legal) persons within ten calendar days from the date of commencement of studies, an additional contract is concluded between the University and the natural (legal) person who orders a paid educational service for himself or another person, assuming financial obligations regarding its payment. In case of refusal to enter into a contract within the term established in this paragraph, this order shall be canceled in terms of the enrollment of such a person. Tuition is paid in accordance with the contract between the University and a natural (legal) person who orders a paid educational service for himself or another person, assuming financial obligations for its payment.

XII. Transfer to vacant positions of the state (regional) order of persons who are enrolled in training at the expense of individuals, legal entities

1. The International Humanities University independently provides recommendations for the targeted allocation of budget places to entrants within the limits of the places (except for non-budget competitive offers) for which recommendations were given for admission to this University based on the relevant competitive offer in the manner provided for in Clause 6 of Section IX of this Procedure, and subsequently canceled in accordance with Clause 1 of Chapter XI of this Order.

2. The right to transfer to vacant positions of the state (regional) order is used by persons who did not receive recommendations before enrolling in the positions of the state (regional) order.

3. The transfer to vacant positions of the state (regional) order of persons who are enrolled in studies at the expense of individuals and/or legal entities on the basis of a complete general secondary education is carried out in the following sequence:

persons specified in Clause 7 of Chapter VIII of this Procedure, regardless of the competitive score;

the persons specified in Clause 5 of Section VIII of this Procedure, if the competitive score is at least 125 points;

the persons specified in clause 8 of section VIII of this Procedure, if the competitive score they received is less than the passing score (the minimum score that made it possible to receive a recommendation for enrollment in state order places under this competitive proposal under a general competition in the manner provided for in clause 6 of section IX of this Order) by no more than 15 points (by 25 points for specialties specified in the List of specialties that receive special support);

persons specified in Clause 9 of Section VIII of this Procedure, if their competitive score is less than the passing score by no more than 15 points (only for specialties specified in the List of specialties that receive special support);

persons who did not receive a recommendation for admission to state (regional) order places in accordance with the procedure provided for in clause 6 of section IX of this Procedure (only for specialties specified in the List of specialties that are provided with special support), if their competitive score is not less than a special passing grade the competitive score set by the University's admissions committee the day after the announcement of the address allocation of budget places.

If persons who have not completed their education at the expense of the state or local budget (by state or regional order) at a certain degree of higher education and received a recommendation for admission to places of state (regional) order in accordance with the procedure provided for in Clause 6 of Section IX of this Procedure, but not began training due to the impossibility of reimbursement to the state or local budget of funds spent on the payment of specialist training services, in accordance with the Procedure for reimbursement of state or local budget funds spent on the payment of specialist training services, approved by the resolution of the Cabinet of Ministers of Ukraine dated 26 No. 658 of August 2015, the next-ranking persons who did not receive recommendations for enrollment in state-ordered positions as of the date of the transfer may be transferred to the vacant state-ordered positions vacated in this order (upon agreement with the state or regional customer).

The transfer to vacant positions of the state (regional) order of persons specified in paragraphs two to five of this clause is carried out in the absence of non-transferred persons of the previous category or in case of their officially recorded refusal to transfer and in the sequence from the highest to the lowest place in the rating list in within each of the specified categories.

4. In the absence of a sufficient number of places for transfer to vacant places of the state (regional) order, the institution of higher education uses for this purpose the vacant places of the state (regional) order from other specialties of this field (only for the persons specified in paragraphs two to five of clause 3 of this section), and in their absence - other fields of knowledge (only for persons specified in paragraphs two - four of clause 3 of this section) of this or another form of education (after transfer to vacant positions by state order of persons specified in clause 3 of this section for relevant specialty and form of education), which is immediately reported to the relevant state (regional) customer.

After that, unused places of the state (regional) order are considered to be not placed in this institution of higher education. The institution of higher education informs the state (regional) customer about their number in terms of specialties (specializations) and forms of education. In the event of a lack of a sufficient number of places for the transfer to vacant places of the state (regional) order of the persons specified in the third paragraph of point 3 of this section, the institution of higher education sends the state (regional) customer a request for the allocation of additional places of the state order at the expense of the returned ones. The decision on the use of these places is made by the tender commission of the state (regional) customer.

5. Persons who entered based on the results of only consideration of motivation letters can be transferred to state or regional positions

order only if the requirements for admission to such places, established by the Admission Rules of the current or subsequent years, are met.

XIII. Enrollment order, additional competition

1. Enrollment orders are issued by the head of the International Humanitarian University based on the decision of the admissions committee. Enrollment orders with their annexes are formed in the EDEBO and published on the University's website in the form of a list of those enrolled within the terms established in section V of this Procedure or in accordance with it.

2. The admission commission's decision to enroll an entrant may be revoked by the admission commission in case of detection of violations by the entrant, provided for in Clause 5 of Chapter XVI of this Procedure.

Enrolled persons may be removed from the enrollment order (the enrollment order is revoked in the part relating to that person) to the University at their own request. To persons expelled from the University at their own will, the documents submitted by them will be returned no later than the next day after submitting the application for expulsion.

3. If a person, without valid reasons, does not start classes within 10 calendar days from the date of their start, the enrollment order is canceled in the part that concerns this person.

4. Additional competitive selection (in agreement with the state or regional customer) may be conducted for the position(s) vacated in accordance with the procedure provided for in clauses 2 and 3 of this section from among the persons who participated in the competition for this competitive proposal. Entrants who submitted an application for this competitive offer and were admitted to participate in the competition take part in the additional competitive selection according to the competitive score. In the absence of such applicants for vacant places, it is allowed to enroll persons from the competitive offers of this institution of higher education, provided that the entrance tests coincide, by transferring the application (with the consent of the person) to another competitive offer.

Additional competitive selection is carried out until October 15, while orders for the enrollment of such persons are formed and submitted to the EDEBO by 18:00 on October 19.

Applications of entrants enrolled in state or regional studies by order to obtain a junior bachelor's degree, a bachelor's degree (master's degree in medicine, pharmacy or veterinary field) based on a complete general secondary education (full-time and part-time forms of education), an educational and professional degree of a professional junior bachelor's degree, an educational-

qualification level of a junior specialist, a junior bachelor's degree and applicants for higher education for a master's degree in specialties 081 "Law" and 293 "International Law" are excluded from competitions for other places at the expense of individuals or legal entities, except in cases where the entrant submits a separate application under the time of fulfilling the requirements for enrollment in the places of the state or regional order provided for in clause 1 of section X of this Procedure.

XIV. Peculiarities of admission to higher education institutions of foreigners and stateless persons

1. Admission to study at the International Humanitarian University of foreigners and stateless persons is carried out in accordance with the Laws of Ukraine "On higher education", "On the legal status of foreigners and stateless persons", "On Ukrainians Abroad", "On Refugees and Persons in Need of Additional or Temporary Protection", Decree of the President of Ukraine dated June 3, 1994 No. 271 "On Measures to Develop Economic Cooperation of the Regions of Ukraine with Adjacent Regions of the Republic of Belarus and Administrative Territorial Units of the Republic Moldova" (except for entrants from the Republic of Belarus), by resolution of the Cabinet of Ministers of Ukraine dated September 12, 2018 No. 729 "Issues of obtaining higher education by certain categories of persons", by order of the Ministry of Education and Science of Ukraine dated November 1, 2013 No. 1541 "Some issues of organization of recruitment and training (internship) of foreigners and stateless persons", registered in the Ministry of Justice of Ukraine on November 25, 2013 according to No. 2004/24536, by order of the Ministry of Education and Science of Ukraine dated December 2, 2019 No. 1498 "On approval of the Procedure for setting quotas for obtaining higher education by foreigners and stateless persons within the scope of the state order in accordance with international treaties of Ukraine" , registered with the Ministry of Justice of Ukraine on February 10, 2020 under No. 153/34436.

Citizens of the Russian Federation and the Republic of Belarus, who do not have a permanent (temporary) residence permit in Ukraine, are admitted to study with the individual permission of the Ministry of Education and Science of Ukraine.

2. Foreigners and stateless persons (hereinafter - foreigners) may obtain higher education at the expense of individuals and/or legal entities, unless otherwise provided by international treaties of Ukraine, the binding consent of which has been granted by the Verkhovna Rada of Ukraine, legislation or agreements between institutions of higher education on international academic mobility.

Foreigners are admitted to the accredited educational programs of the International Humanities University for junior bachelor's, bachelor's and master's and doctorate degrees.

The International Humanities University also accepts foreigners for postgraduate studies, preparatory faculty (subdivision) programs, for studying the state language and/or language of instruction, as well as for postgraduate education, advanced training and internships.

3. Admission of foreigners to study can be carried out face-to-face and/or remotely.

The validity period of an invitation to study is no more than 1 year from the date of its registration in the Automated System "Electronic Journal" of a state enterprise authorized by the Ministry of Education and Science of Ukraine.

Foreigners who have received an invitation to study registered in the Automated System can participate in remote admission "Electronic magazine" of the state enterprise authorized by the Ministry of Education and Science of Ukraine, received a set of information and consulting support services, and also received a visa to enter Ukraine for the purpose of study.

In order to organize the remote recruitment of foreign citizens to study for higher education, the educational institution concludes an agreement with a partner organization that is a resident of the country of origin of the entrants. The subject of the agreement is the provision of services for personal identification, verification of original documents of entrants, organization of receiving entrants' applications in electronic form, provision of premises and technical means for conducting consultations and entrance tests by a higher education institution in a remote format.

The conclusion of agreements by educational institutions of Ukraine is possible with organizations that meet the following requirements:

- compliance of the area of the premises for remote submission of documents, consultations and entrance tests to the established norms of quarantine restrictions in the country where recruitment is carried out;

- provision of entrants with means of personal protection;

- ensuring the procedure of identification of entrants using face recognition technologies, which includes checking personal data (surname, patronymic (if available)), biometric data and their verification with the official (state) database;

- ensuring compliance with integrity requirements during the entrance exam for foreigners;

- provision of a place to store telephones, tablet computers and other electronic devices of entrants seized during the entrance test;

- provision of a suppression device for cellular and Internet networks; provision of video surveillance around the perimeter of the audience in which there is an entrance exam for foreigners by installing at least two video cameras;

provision of technical equipment for video communication with the examination board of the educational institution in real time (computer, video camera, microphone, TV or projector with a screen);

the presence of at least two employees in the classroom to monitor compliance with the requirements of academic integrity and technical support during the entrance exam for foreigners;

provision of all entrants with individual computers with connection to the institution's online platform, through which the entrance exam for foreigners will take place;

provision of consultations and trainings before the entrance exam for foreigners in order to familiarize them with the rules of taking it remotely and using the online platform;

provision of video recording of the entrance test, transfer of video material to the educational institution through the online platform, storage of information and video materials after conducting the entrance exam for foreigners for five years in a partner organization.

4. Enrollment of foreign entrants for studies at the expense of individuals and/or legal entities may be carried out by institutions of higher education:

1) three times a year within the deadlines set by the Admission Rules for obtaining junior bachelor's, bachelor's, and master's degrees;

2) during the year for studies in graduate school, adjunct.

The institution of higher education calculates the points/grades of the entrant based on the document on the previously obtained level of education and establishes the minimum value of the number of points/grades required for admission in the general education subjects from which the entrance exam for foreigners is conducted.

Enrollment of foreigners to study at the appropriate level of higher education is carried out based on the results of entrance exams for foreigners in specified subjects and the language of study and on the basis of academic rights to continue studying, provided by a document on the level of education obtained in the country of origin, and taking into account the success scores that give the right to continue studying at the next level of higher education in accordance with the legislation of the country that issued the document on the obtained degree (level) of education.

5. All categories of foreigners enrolled in studies are enrolled in higher education institutions of Ukraine on the basis of enrollment orders. Confirmation of the fact of training can be a certificate issued at the EDEBO.

6. The requirements of the higher education institution regarding the compliance of applicants from the number of foreigners who have arrived in Ukraine for the purpose of study with these Procedures and Rules of Admission, as well as the deadlines for accepting applications and documents, conducting the admission

examination for foreigners and enrollment are specified in the Admission Rules and published on the official website of the higher education institution.

7. Foreigners who are granted state scholarships under international treaties, national programs, and other international obligations of Ukraine are admitted to study within the established quotas for foreigners on the basis of referrals from the Ministry of Education and Science of Ukraine.

8. Foreigners who arrive in Ukraine to participate in academic mobility programs or to obtain higher education according to educational programs agreed between Ukrainian and foreign institutions of higher education are admitted to study taking into account the contractual obligations of the relevant institutions of higher education.

9. Foreigners and stateless persons, in particular Ukrainians living abroad permanently in Ukraine, persons recognized as refugees, and persons in need of additional protection, have the right to obtain higher education on an equal basis with citizens of Ukraine, in particular at the expense of state or local budget funds, with exceptions established by the Constitution of Ukraine, laws of Ukraine or international treaties, consent to the bindingness of which has been given by the Verkhovna Rada of Ukraine.

Ukrainians abroad, whose status is certified by a certificate of a Ukrainian abroad (except for persons permanently residing in Ukraine), can enroll in studies under the state order within the limits of the established quotas for foreigners after an interview on the subjects provided for in the Admission Rules.

XII. Ensuring openness and transparency in admission to the International Humanitarian University

1. Representatives of the mass media have the right to be present at the meeting of the admission commission (no more than two persons from one mass media). The admission rules determine the procedure for the accreditation of journalists in the admission commission.

2. Non-governmental organizations can apply to the Ministry of Education and Science of Ukraine for granting them the right to monitor the work of admission commissions. Non-governmental organizations granted such a right by the Ministry of Education and Science of Ukraine may send their observers to the meetings of the admission commissions. Admission commissions are obliged to create appropriate conditions for the presence of public observers at their meetings, as well as to provide them with the opportunity to familiarize themselves with the documents provided to the members of the admission commission before the meeting.

3. The university is obliged to create conditions for familiarizing entrants with a license to carry out educational activities, certificates of accreditation of the relevant specialty (field of training, educational program). Admission rules, information on the licensed volume for each competitive offer (specialty, educational program, field of study) and degree are published on the official website www.mgu.edu.ua no later than the next business day after approval/approval or receipt of relevant information.

4. The head of the admissions committee announces the meeting of the committee, as a rule, no later than the day preceding the day of the meeting, in special cases - no later than three hours before the start of the meeting. The announcement along with the draft agenda of the meeting is published on the official website www.mgu.edu.ua

5. The entrant's submission of unreliable personal data, about previously obtained education, unreliable information about the right to enroll according to quotas, the right to enroll according to an interview, about participation in student Olympiads and defense contests of the Small Academy of Sciences of Ukraine, about passing an external independent assessment is grounds for cancellation the order on his enrollment.

6. Informing the public about the licensed volume, the cost of training by specialty (directions of training, specializations, educational programs), the course of submitting applications for admission, recommendations for enrollment and enrollment in higher educational institutions is carried out by information systems, including the "Competition" system, on the basis of data A single base.
